Mannequin

Die Kreuzen

Downtown where it's cold and blue
Shops and bars but nothing to do
In a window to my suprize
Such a gorgeous girl
With cold blue eyes
In my lonely bead
20'clock 3
Time can't stop, won't wait for me
I think of her and I just can't sleep
3:30 I can't take no more
I make my way downtown
In the window there's my surprise
It's that plastic girl that caught my eye
I steal her from her glass plated prison
And take her home for my vision
What a gorgeous, young girl
