Cake and Eat It

[Dead or Alive](...)

I'm told my idea of seduction is a bit passe'
I hear you like to try it so I'll try it anyway
I would try anything I swear I'd try it here and now
I might impress you with a Rudolf Valentino bow
I tell you to get your attention I'd do anything
I would work night and day for all the joy that she would bring
I'd like to be the hunter who gets captured by the game
Oh won't you run your fingers through my maneI've gotta have my cake and eat it
I've gotta have my cake and eat it, too
I've gotta have my cake and eat it
I've gotta have my cake and eat it, tooI want fun I've gotta run to youTo me you look just like a treasure chest
of pretty things
Already told you I would buy you ten real diamond rings
Oh let me tell you I got lots of things that you could use
So don't reject it or I'll get the love rejection blues
I tell you baby any wish of yours is my command
I'd pay you money if you'd only say you'd hold my hand
I'd speak in languages that only you could ever hear
Oh baby baby, won't you please come hereI've gotta have my cake and eat it
I've gotta have my cake and eat it, too
I've gotta have my cake and eat it
I've gotta have my cake and eat it, tooI want fun I've gotta run to youI said I'd pay you money if you'd only
hold my hand
I hear you like to try it so I go ahead as planned
I hear my smoochie talkin' might just be a bit old hat
So I'll watch what I'm sayin' I don't think you'd go for that
A little birdie told me that you just might feel the same
If you do then all you have gotta do is call my name
I would do anything I swear I'd do it here and now
I might impress you with a Rudolf Valentino bowI've gotta have my cake and eat it
I've gotta have my cake and eat it, too
I've gotta have my cake and eat it
I've gotta have my cake and eat it, too
I've gotta have my cake and eat it
I've gotta have my cake and eat it, too
