Is That You

Claim

See, whether or not it's wrong or right
I don't wanna sleep another night
All alone in my cold, cold bed
When I could just go home with you instead
'Cause you look like you could lay me down
And give me lovin' like I bet you know how
Boy, I'm feelin' you from head to toe
But are you all that I am lookin' for?
See, I'm lookin' for a man
Who know how to be a friend
Who knows how to be a man
Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
See, for me it's been quite some time
Since I had someone to call mine
And some could say that I'm a little picky
But I was that way 'cause I had to be
'Cause some men don't really understand me
An' I can't tolerate no drama king
I'm just lookin' for someone who can be
Down for me when I need him to be
See, I'm lookin' for a man
Who know how to be a friend
Who knows how to be a man
Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
See, I'm lookin' for a man
Who know how to be a friend
Who knows how to be a man

Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
I'm not lookin' for no drama
I'm not lookin' for no complicated situations
I'm just lookin' for a man
Who's got good conversation
And when it comes to love
He never shows hesitation
See, I'm lookin' for a man
Who know how to be a friend
Who knows how to be a man
Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
See, I'm lookin' for a man
Who know how to be a friend
Who knows how to be a man
Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
See, I'm lookin' for a man
Who know how to be a friend
Who knows how to be a man
Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
See, I'm lookin' for a man
Who know how to be a friend

Who knows how to be a man
Someone who can understand
Is that you, baby?
Someone to fulfill my needs
And be all about me
But knows when to let me breathe
Because I gotta do my thing
Is that you, baby?
