

# Stars Align

[Matt Wertz](#)

We got these unlit feelings  
Burning brights as buildings  
Deep inside  
It's been a long time coming  
Like we've both been running  
Tryna hide It's so scary to be alone  
But I don't wanna be alone Let's come together let the stars align  
Only been one thing that I've been wanting  
You and I  
This is our night  
We fit together like the stars align  
Only been one thing that I've been wanting  
You and I  
This is our night  
This is our night  
When I finally pull you in  
It's like a [?] we've always been  
All this time  
And then you'll whisper back to me  
All the things I've always seen  
In your eyes  
It's so scary to be known  
But I don't want to be alone Let's come together let the stars align  
Only been one thing that I've been wanting  
You and I  
This is our night  
We fit together like the stars align  
Only been one thing that I've been wanting  
You and I  
This is our night  
This is our night  
Time to turn it in  
The sun is growing thin  
Nothing could take this moment from us  
How it all begins  
Sweet surrendering  
To the night
