Deeper

Anthea

You go your way
Trying to believe
You may not know
Who you plan to be
Feeling fine
On borrowed time
Keeping in line
Can you
Understand
Say what you can
Deep inside
You go and you find
Away into day
Deeper deeper
And I reach in you
Away into day
Deeper deeper
And I reach in you
Here and now
It's just enough for me
As I flow
To all I be
If you dare
Go out there
See if I care
Do You
In disguise
We suprise
I appear
I'm real and I'm here
Away into day
Deeper deeper
And I reach in you
Away into day
Deeper deeper
And I reach in you
Away into day
Deeper deeper
And I reach in you

Away into day
Deeper deeper
And I reach in you
You go your way
Trying to believe
You may not know
Who you plan to be
Away into day
Deeper deeper
And I reach in you
Away into day
Deeper deeper
And I reach in you
