Look In The Water

Blackstreet

Look in the water
Girl just look at
You oughta know by now
Baby oh girl
What's wrong, sugar?
Can't you see, can't you see that I'm dependant of what we've been through
Please don't cry, don't you know
I walked deepest waters forever for you
Girl understand I'm one man
That you would not lose
Don't give up just because
Because we never your confuse
Baby just look at
Look in the water (ooh)
And see through yourself (see for yourself)
Look in the water and see (as my love pours)
Look in the water
And see for yourself (I'm here for you)
Look in the water and see
(Girl I am yours)
I'm yours
I'm yours
(Baby you know)
I'm yours
I'm yours
Yeah, Chauncey, help me sing
Oh you make me so,so,so,so happy
Cause when I'm with you, it's like valentine' day
Please don't cry, please don't, sugar
Tell me why. would. I. through. something like this so good, away
Girl understand I'm one man
That you would not lose
Don't give up just because
Because we never you're confused

(Baby just look at)
Look in the water
And see through yourself (see for yourself)
Look in the water and see (as my love pours)

Look in the water
And see for yourself (I'm here for you)
Look in the water and see
Girl I am yours
Girl I am yours
I'm yours
I'm yours
Girl I am yours
I'm yours
I'm yours
Baby,Can you hear what I'm saying?
Baby just look in the water
And I'm sure that you'll able to see
That is all about you and me
And the love that we last forever
(I just want you to see for yourself)
Look in the water
And see through yourself (As my love pours)
Look in the water and see (Girl I'm here for you baby)
Look in the water
And see for yourself (and I'm never let you go, Oh no)
Look in the water and see
(Girl you oughta know I'm yours)
I'm yours
I'm yours (you oughta know, I'm yours)
I'm yours (Girl oh I don't want nobody else but you baby)
I'm yours (yeah)
