

Fight to Live

Blitz

Fight, fight, fight
Fight, fight, fight
Fight, fight, fight
Fight, fight, fight Times get hard you get uptight
You'd better watch out for the danger signs
Praying for your life, finally tosses a Rut
Fighting for survival with this feeling in your gut 'Cos we fight to live
We live to fight
We don't give a shit
What's wrong or what's right Times get hard you get uptight
You'd better watch out for the danger signs
Praying for your life, finally tosses a Rut
Fighting for survival with this feeling in your gut 'Cos we fight to live
We live to fight
We don't give a shit
What's wrong or what's right, right, right We fight to live
We live to fight
We don't give a shit
What's wrong or what's right 'Cos we fight to live
We live to fight
We don't give a shit
What's wrong or what's right, right, right
