

# **Fight to Live**

## **Blitz**

Fight, fight, fight  
Fight, fight, fight  
Fight, fight, fight

Fight, fight, fightTimes get hard you get uptight

You'd better watch out for the danger signs

Praying for your life, finally tosses a Rut

Fighting for survival with this feeling in your gut'Cos we fight to live

    We live to fight

    We don't give a shit

What's wrong or what's rightTimes get hard you get uptight

You'd better watch out for the danger signs

Praying for your life, finally tosses a Rut

Fighting for survival with this feeling in your gut'Cos we fight to live

    We live to fight

    We don't give a shit

What's wrong or what's right, right, rightWe fight to live

    We live to fight

    We don't give a shit

What's wrong or what's right'Cos we fight to live

    We live to fight

    We don't give a shit

What's wrong or what's right, right, right
