Silly Girl

Leona Lewis

Started on a summer Sunday
Your pink dress on the setting sun
You were going to Grandma's house, I was too scared to comeMy silly girl, I'm beggin you
Tell me all the things that I want to hear
My silly girl, I'm in love with youI had to run to catch you,
You always moved so fast
With your cute little smile and your silly laugh,
God gave me love at lastMy silly girl, I'm beggin you
Tell me all the things that I want to hear
My silly girl, I'm in love with youThey said just stay away
Right now I wish I had
I'm so in love with you, my silly girl
They made me go away
Sometimes life just isn't fair, but I'll be back someday
I hope you'll still be thereMy silly girl, I'm beggin you
Tell me all the things that I want to hear
My silly girl, I'm in love with youWhen you're just a silly boy like me, you're always so scared
Now I'm just out of luck, I wonder if you ever caredMy silly girl, I'm beggin you
Don't stop being a silly girl
My silly girl, I'm in love with youThey said just stay away
Right now I wish I had
I'm so in love with you, my silly girl
