Take Your Time

Lori Carson

OoooTake your time and think about it baby
Take your time, think about it
Take your time and think about it baby
I've learned how to wait
I know how to wait for loveI was frightened and I treated you badly
Not 'cause I didn't know just what I had
I think it scared me to find the real thing
With so much emotion, such sexual feelingTake your time, think about it baby
Take your time, think about it
Take your time, think about it baby
I've learned how to wait
I know how to wait for loveWell maybe it's a sign of the times
There is nothing we can't replace
Well one of a kind is a joy I find
When I see your face
OoooTake your time and think about it baby
Take your time, think about it
Take your time, think about it baby
I've learned how to wait
I've learned how to wait for loveTake your time (take your time)
Take your time (take your time)
Now take your time
Oooo
(Take your time baby)
