

# Like He Need To

## Verse Simmonds

She pull up and hop out the coup  
She know ,know what to do  
We go out and buy that good shoes  
I jump in the pussy and shoot  
They arent tamed like a fool  
Sippin' and Slurpin' that soup  
I aint saucy like you  
All in sauce on you  
We got the room head spinning  
Between your legs it's raining  
Girl this is what you came for  
I do it slow cause you want more  
When i call she gon call back ,she gon call back  
Sending messages to my phone saying she want that  
Cause she don't know what to do with him, do with  
Baby you know he dont fuck you like he need too  
Like he need too ohhhh he don't love you like he need too  
Like he need too ohhhh he don't fuck you like he need too  
You call me and im on my way, you go that im runnin the play  
You call that im smoking a J  
Thee island has run out of space  
And we cant go down down,unless we call right now  
When i go downtown,you get so damn loud  
We got the whole room spinning  
Between your legs its raining  
Girl this is what you came for  
I do it slow cause you want more  
So when i call she gon call back  
Sending messages to my phone saying she want that  
Cause she don't know what to do with him  
Baby you know he don't fuck you like he need too  
Like he need too, he don't love you like he need too,like he need too  
He don't fuck you like he need too ohhh  
He don't fuck you like he need too  
Ima fuck you like you need too  
Anything that's see through  
I get that pussy that's knee through  
All these snickers i can feed you  
Eat it up we go for round two

Hit my line and ima slide through  
Girl your blessed with the high truuuu yeah  
Girl why you keep wasting time  
Girl i know you need peace of minddddd  
I can give you all of that  
All this pipping got you on your back  
Like he need too, he don't love you like he need too  
He don't fuck you like he need too
