Take It Wrong

TGT

I don't really want much with you
Look into my eyes while I'm touching you
Look into my eyes while I'm touching you
Look into my eyes while I'm touching you
Roll in 'for tonight
Kissing in the place since I know you like
Kissing in the place since I know you like
Kissing in the place since I know you like
Let's take a ship ' in the top for a hour, I the top of a hour, I the top of a hour
Girl you know you're my speed, hope that I didn't take it too hard, hope that I didn't take it too hard,
hope that I didn't take it too hard,
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
Baby come on and let your head down
'
Baby when I get that, take that
Baby I'mma take my time, time if you don't mind
Baby I'mma do it all night, night
Uuh, ooh
I will take it slow, don't need to do nothing
We can keep it all '
I'mm give you just love
Tonight '
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
It's three in the morning her body on '
Girl let me put it in, girl let me put it in, let the game begin
Don't keep a nigga to yourself girl bring a friend
Let's fuck tonight, no love making
No, baby girl you already know
I can hear it all night if you say so
We can do it on the bed on the floor
'
And I fuck for free, I'mma hit it right '
'.

Baby I'mma activate your'
Freak, cuz in my bedroom it's freak show
Tonight, it's show night and the thing goes
Tonight it's your night and this thing goes
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
I hope that you don't take it wrong
Yeah,
