1998

Rancid

Wystone Clinics, 1974
Fathers talking shit
Mother fucker slammed the door
Hit the streets runningCannot take it anymore
In the reins of a train, I cuddle on the floor
In the apartment next door and sleeping here for free
Little kid sitting in the shooting gallerySet your self up
But in the system its a raid

Oh this is what you want

Not the way, what they fucking sayHanging out with Sid and a kid in the U.S.A.

Sidney Sidney in the U.S.A.Lower east side, 1976

Whos got the dope

And whos gonna doing trips?

Should I call a loser all for a fixRippin' off some lady

Just to avoid from gettin' sick

Well, I life moves slow

When you got nowhere to goWhat the fuck happen to your son all alone Is he coming over? Is he coming home?

Oh, mommas disappointed

Waiting by the phoneHanging out with Sid and a kid in the U.S.A. Sidney Sidney in the U.S.A.Same fucking shit, 1998

And mother fuckers that he hates

Hates the fucking people

But they cannot see straight

Who got the crack, gonna seal his fateIn the apartment next door and sleeping here for free Little kid sitting in the shooting gallery set your self up

But in the system its a raid oh, this is what you want I don't care, what they fucking sayHanging out with Sid and a kid in the U.S.A. Sidney Sidney in the U.S.A
