

# Born Free

Clara Ward

Yeah, man made powers  
Stood like a tower, higher and higher, hello  
And the higher you go, you feel lower, oh  
I was close to the end  
Staying undercover, staying undercover  
With a nose to the ground, I found my sound  
Got myself an interview tomorrow  
I got myself a jacket for a dollar  
And my nails are chipped but I'm eager  
And the car doesn't work, so I'm stuck here  
Yeah, I don't wanna live for tomorrow, I push my life today  
I throw this in your face when I see ya, I got something to say  
I throw this shit in your face when I see ya 'cause I got something to say  
I was born free, born free  
I was born free, born free  
Born free, born free  
Born free, born free  
You could try to find ways to be happier  
You might end up somewhere in Ethiopia  
You can think big with your idea  
You ain't never gonna find Utopia  
Take a bite out of life, make it snappier, yeah  
Ordinary gone super trippier  
So I check shit 'cause I'm lippier  
And split a Czech like Slovakia  
Yeah, I don't wanna live for tomorrow, I push my life today  
I throw this in your face when I see you 'cause I got something to say  
I throw this shit in your face when I see you  
'Cause I got something to say  
I was born free, born free  
I was born free, born free  
I was born free, born free  
I was born free, born free  
Born free, born free  
Born free, born free  
I don't wanna talk about money 'cause I got it  
And I don't wanna talk about hoochies 'cause I been it  
And I don't wanna be that fake but you can do it  
And imitators, yeah, speak it

Oh lord, whoever you are  
Yeah, come out wherever you are  
Oh lord, whoever you are  
Yeah, come out wherever you are

And tell 'em

I was born free, born free  
I was born free, born free  
I was born free, born free  
I was born free, born free  
Born free, born free  
Born free, born free
