ver The Sickest Kids lyrics
Title: Nikki
Lyrics to Nikki :
He was the man of every hour
He was a party all alone
Heâ€™d give his jacket to a stranger in the cold
She was the beauty queen from dallas
She could put a lion on a leash
And before he knew himself
She knew the man that he could be

Itâ€™s never that easy
It never seems right
When careful meets carefree
And in just 4 minutes they knew each other for life
And he said

â€œAlright Nikki, itâ€™s alright Baby tonight
you can let your hair down
Alright Nikki, itâ€™s alright Baby tonight
You can take a breath now
If you only live once
Stay in the clouds
Never come down
Trust me
Alright Nikki, itâ€™s alright Baby tonight
you can let your hair down.â€œ

She was an Angel craving chaos
He was a demon seeking peace
But they were each otherâ€™s
toxic cure called codependency
He tried to dig his way out of a coffin
â€˜cause she smothered him with care
Before they lived in castles
They were dying on a prayer

Itâ€™s never that easy
It never seems right
When careful meets carefree

And in just 4 minutes they knew each other for life
And he said

â€œAlright Nikki, itâ€™s alright Baby tonight
you can let your hair down
Alright Nikki, itâ€™s alright Baby tonight
You can take a breath now
If you only live once
Stay in the clouds
Never come down
Trust me
Alright Nikki, itâ€™s alright Baby tonight
you can let your hair down..Whoaâ€•

Itâ€™s never that easy
It never seems right
When careful meets carefree
And in just 4 minutes they knew each other for life
And he said

â€œAlright Nikki, itâ€™s alright Baby tonight
you can let your hair down
Alright Nikki, itâ€™s alright Baby tonight
You can take a breath now
Alright Nikki, itâ€™s alright Baby tonight
you can let your hair down
Alright Nikki, itâ€™s alright Baby tonight
You can take a breath now
If you only live once
Stay in the clouds
Never come down
Trust me
Alright Nikki, itâ€™s alright
Baby tonight you can let your hair down.â€œ
