Out All Night

Todd Snider

I dont ever wanna go back home again
I dont ever wanna let this summer endYou and me we got a lot in common
We keep thinkin theres this place to go
You ask me I say we oughta keep drivin
But turn up that radioLets stay out all night
Again tonight
Stay out all night
Again tonightI dont ever wanna have to go to work for my dad
I guess thats about the only goal Ive ever hadI got this feeling that my stepmom hates me
That gold diggers got a worthless bone
She stays drunk on rum and Pepsi, yeah
Shell never notice if I'm not homeOut all night
Again tonight
Stay out all night
Again tonightWe dont have to answer to
Anyone that we dont want to
And we can do anything, yeah
Yeah, we can do anythingYou and me, we got a lot in common
We keep thinkin theres a place to go
You ask me, I say we oughta keep drivin
Hey, turn up the radioStay out all night
Again tonight
Stay out all night
Again tonightStay out all night
Again tonight
Lets stay out all night
Stay out all nightWe can do anything, anything, anything
I don't ever wanna go back home again
