

# Step It Up

## Throwdown

Step it up, step it up Sometimes I see me  
Beneath me, deceiving  
Deceive myself  
Keeps me from believing Believe in yourself  
Believe in yourself Sometimes I see me  
Beneath me, deceiving  
Deceive myself  
Keeps me from believing Step it up, step it up  
Step it up, step it up Believe in yourself  
Believe in yourself Losing touch, I lost my way  
Loss for words, without a thing to say  
Losing touch, I lost my way  
Loss for words, without a thing to say Losing touch, I lost my way  
Loss for words, without a thing to say  
Losing touch, I lost my way  
But I'll try again Step it up, step it up  
Step it up  
Step it up, step it up  
Step it up, step it up
