

Those In Glass Houses

Of Mice & Men

Now ready set
let's take this offense in our hands
We won't be cast aside
you live your life just
And now you can have the whole wide world
The best part was in our

How can you say that you're me
When it's easy to see that you're fake.
How can you say that you're me
When it's easy to see that you're

You expect me to fail from
This is not a high fashion flask
You can pay for schoo,
But you can't buy class.

You can have the whole wide world the best part was always in our hands (x4)
Cast aside, this can't be stopped by pride
Cast aside, we won't be stopped by pride
We've been waiting to show you
We've been waiting to take this back

This world will be ours we won't stop at nothing now (x2)
