

# Down By the River

## Morgan Heritage

Yeah, yeah, I'll be down by the river, yeah  
Waiting for the good Lord to pass my way, oh yeah  
I'll be down by the river, yeah  
Singing songs of joy on this lovely day, oh yeah Three singing birds told me  
My sunrise is always there in the morning  
Praying and blessing the day I've heard about this little tale long time ago  
But never had the faith to believe it was so, yeah  
Now Mother Nature sent to me three little birds  
Singing a song convincing me it was so Now I'm on my way  
If anyone come to see me this day  
Tell them I'll be gone for the day I'll be down by the river, yeah  
Waiting for the good Lord to pass my way, oh yeah  
I'll be down by the river, yeah  
Singing songs of joy on this lovely day, oh yeah, oh I've heard about this lil' tale long time ago  
But never had the faith to believe in my soul, yeah, yeah  
Now Mother Nature sent to me three little birds  
Singing a song, convincin' me, it was so Now I'm on my way  
Anyone come to see me this day  
Tell them I'll be gone for the day I'll be down by the river, yeah  
Waiting for the good Lord to pass my way, oh yeah  
I'll be down by the river, yeah  
Singing songs of joy on this lovely day, on this lovely day Down by the river  
Singing songs of joy  
Oh, oh yeah  
River
