I Need You

Eddie James

I Need You (Baby) I need you baby, both night and day
When I sent for you baby, you turn, and go the other way
Yes I need you, yes I need you, both night and day You cheated on me baby, all through the day
When I sent for you baby, you turn, you turn and go the other way
Yes I need you, yes I need you, both night and day Yeah I sent you money baby, to come on home to me
You tell me that, things ain't what they used to be
I need you baby, I love you darlin', come on home to me
