

Sammy Song

Colin Lake

Samanthy

What?

Whatchu doin'?

I'm doin, um, playin with my friend Samantha

Oh, what are you doin -- Samantha?

Samantha S.

Oh ok, what are you guys doin'?

We're playin with sidewalk chalk

Oh really?

Mmhmm

Alotta people been talkin about you, Samantha

What they say?

They said they like your family song a lot, they like your rap on there.

Any ya know what else they been sayin?

What?

They say they wanna hear more of you.

Me?

You think you could bust a rap real quick?

Yup!

Ok that sounds good

Yo Samantha I heard that they like your flow

And when you're rappin on stage, you steal the show

Why dontcha bust it one time with your funky rhyme

And show 'em that your rap skills truly shine

I'm a young boniqua bustin a rhyme

I'm like Mary Kate and Ashley, I'm one of a kind

If you say "Who the heck is that?"

I say "Who the heck are you?"

I wanna be wishin you could do what I do

I'm bilingual, I hope you can understand my flow

"De quero mucho de mund bueso"

Or if you're an alien from around the way,

"Zada zee zada zoo zada zay"

And to all the nice people here on Earth

You're diamonds to me 'cause that's what you're worth

And to all the mean people across the land

Talk to the hand 'cause you just don't understand

Yo Samantha I heard that they like your flow

And that you're crazy live from your head to toe

Why don't ya bust it two times with your funky rhyme
And tell em all how you like to spend your time
I like to play with Barbie and Polly Pocket
I watch the adventures of Ash and Team Rocket
Bike rides and rollerblades and that's what I do
Because I have more energy than Pikachu
But most of all I like to chill with those I love
I love my family more than the stars above
More than a million trips to the sun and back
More than a million galaxies and that's a fact
And my animals you see are my friends to me
That's Shitzu, Stinky, Fisher, and Lollie
And together we love the world far and wide
'cause anything's possible if it's in your mind
Alright Samantha, you came correct
But it's gettin late and it's time to jet
Alright daddy, I know it's time to go
But I wanna say "Peace!" to all the juggalos!
And to let 'em know that when life gets tough
Just think about candy and all the good stuff
But to keep your true friends as close as you can
They're more important than all the candy in the land
