

Party

The D4

The week's end, tonight tonight

Well it's the weekend, come on, all right
Party, Party, Party, Party
For a good time, stand in no line
For the best time, stand in no line
Party, Party, Party, Party
Shake down, break down, everybody's coming 'round,
the whole place jumping up, the people coming,
all the high kids coming
Party, Party, Party, Party
