Run Away

M.C. Sar & The Real McCoy

Money
sex & thought control
A generation without soul
Perfect people
In a perfect world
Behind closed doors
All in control
Life in a world of luxury
Cold cash money mentality
You gotta keep the faith
You gotta keep the faith
You better keep the faith
And run awayRun away
run away
Run away and save your life
Run away
run away
Run away if you want to surviveIt's time to breath free
Ohoho
Run away oho
You better breath free
Ohoho
Run away ohoMoney
sex & thought control
Big brother is watchin' you
Unplug your brain
And save your soul
No more limits -
No preview life
In a perfect system
Take a stand
And fight for freedom
Keep the faith
You gotta keep the faith
You better
Keep the faith
And run awayRun away ...
