

Deeper Hole

Skullcrack

Dig in your heels, clench your fists
The more you resist, we persist
On your death bed, fearing what's ahead
I can't wait 'til your deadDigging, digging a deeper hole
and we'll bury you in itClinging to tradition, living confined
Left behind with the rest of your kind
Digging yourself deeper under ground
Not gonna wait for you to come around
"It's just not the same", no it ain't
It's called progress, auspicious change that you defame
Lick your lips and call us depraved
We'll finally be free when we spit on your grave
