

I Learned from You (feat. Billy Ray Cyrus)

Miley Cyrus

Ooh, yeah
I didn't wanna listen to what you were sayin'
I thought that I knew all I need to know
I didn't realize that somewhere inside me
I knew you were right but I couldn't say so I can take care of myself, yeah, you taught me well I learned from
you that I do not crumble
I learned that strength is something you choose
All of the reasons to keep on believin'
There's no question, that's a lesson, that I learned from you We always don't agree on
What is the best way
To get to the place that we're going from here
But I can really trust you, and give you the distance
To make your decisions without any fear I'm grateful for all of the times
You opened my eyes I learned from you that I do not crumble
I learned that strength is something you choose
All of the reasons to keep on believin'
There's no question, that's a lesson
I learned from you You taught me to stand on my own And I thank you for that You saved me, you made me,
And now that I'm looking back I can say Whoa! Hmm, hmm, yeah! I learned from you that I learned from you I do
not crumble
I learned that strength is something you choose Something you choose All of the reasons to keep on
believin', Keep on believin' There's no question, that's a lesson that I learned from you Whoa!
I learned from you I learned that strength is something you choose
Something you choose All of the reasons to keep on believin',
There's no question, that's a lesson that I learned from you Yeah! I learned from you
