Gold

Coquin Migale

Gold, fills my eyes
I have a diffferent shade,
a subtle glaze for every specific structured light.

I feel like I've been dreaming
I feel like I've been dreaming
I feel like I've been dreaming
I feel like I've been dreaming

Gold, fills my lungs
This elongated daydream doesnt last much longer
Oohhh
Twisting turns and intertwines, pulls apart my inside.

I feel like I've been dreaming
I feel like I've been dremaing
I feel like I've been dreaming
I feel like I've been dreamingï»¿
