

I Believe to My Soul

Donny Hathaway

One of these days and it won't be long
You're gonna look for me and I'll be gone
I believe, said I believe, ooh yeah, ooh baby
You're trying to make a fool outta me

I said, "You're going 'round here with your head so hard"
I think I'm gonna have to use my rod
'Cause I believe, said I believe ooh yeah, I believe baby
I believe you're trying to make a fool outta me, yeah alright

Yeah, oh baby, baby, baby
Last night while you were sleeping I heard you say
"Oh Ronny", when you know my name
When you know my name, when you know my name is Donny

I believe ooh yeah, woo baby
I said, I believe you're trying to make a fool outta me

I said you're going 'round here with your head so hard
I think I'm gonna have to use my rod
I've got to know how you really feel
I got to know if your love is really real

'Cause I believe, oh, you don't want me
I said, I believe you don't need me
I believe, oh you've been slipping out on me, baby
Said I believe, ooh you've been doing me wrong
I believe, I believe, I believe, baby I believe
