Happy Rap

Junior Senior

We're going one step forward, two steps back
One step forward, two steps back
We're going one step forward, two steps back
One step forward, two steps back
Four steps forward, back on track!
Whoo! Back on track!

We're going one step forward, two steps back
One step forward, two steps back
We're going one step forward, two steps back
One step forward, two steps back
Four steps forward, back on track!
Yeah! No! Ow!

My spelling is bad 'cause I'm so street
And we once made a song to move your feet
We just passed the beat like you passed to me
And he's straight from the concrete
From the concrete, from the concrete
The King Kong concrete!

Been running up and down
Holes and corridors
From ugly ducklings straight to dark whores
Trying to come up with the perfect metaphors
I will show you mine if you show me yours
If you show me yours
If you show me yours
If you show me yours

Still making up the words as we go along
But if we just stick together we can't go wrong
But if you're sitting there thinking this ain't the Bomb
Give us a minute and we'll wrap up this song
Wrap up this song
Rap up this song

Tryin' to make some sense

In a world that has no ends
See my baby, sweet baby
Been tryin' to make some sense
In a world that has no ends
And my baby, sweet baby

Hey! Hey!
Whoo! Whoo!
Yeah! Yeah!
Yay! Whoo!

We're going one step forward, two steps back
One step forward, two steps back
We're going one step forward, two steps back
Four steps forward, back on track!

And if it ain't broke, don't fix it
If it ain't broke, don't fix it
Yeah if it ain't broke, don't fix it
And if you can't fix it, don't break it!
Don't break it! Don't break it!
Don't break it! Uh don't break it!

Tryin' to make some sense
In a world that has no ends
See my baby, sweet baby
We're going one step forward, two steps back
One step forward, two steps back
Baby, sweet baby

I hear a bell ringing and a voice singing
Somewhere in my head
And it feels so good to know at least my brain isn't
Dead
Yeah, because suddenly I remembered
What I forgot to forget
That I've been thinking a lot lately about swimming
Pools
'Cause swimming in one would be really cool
Thinking a lot lately about swimming pools
'Cause swimming in one would be really cool
Yee!
