

I'm Not Crying Over Yesterdays

Emma Bunton

I know you far too well
Story's the same
I've heard it all before
How we all gonna change You try to talk me round
No not this time
I've finally seen the light
This is my goodbye Oh I'm not crying over yesterdays
Not when there's tomorrows
I'm not wasting time on used-to-bes
Not if it means sorrow
I won't shed a tear on should-of-beens, would-of-beens, could-of-beens No no no, no no no My suitcase in my
hand
Half out the door
Why can't you be a man
Get up off the floor No you won't change my mind
Don't think you can
The taxi's right outside
I'm getting in Oh I'm not crying over yesterdays
Not when there's tomorrows
I'm not wasting time on used-to-bes
Not if it means sorrow
I won't shed a tear on should-of-beens, would-of-beens, could-of-beens No no no, no no no,
Oh no no no, no no no Oh I'm not crying over yesterdays
Not when there's tomorrows
I'm not wasting time on used-to-bes
Not if it means sorrow
I won't shed a tear on should-of-beens, would-of-beens, could-of-beens No no no, no no no,
Oh no no no, Oh-oh-oh-oh-ooo
