Come Back

Chicane

Come back Come back to me
I've been waiting here patiently
[Repeat 1x]

I've been walking a thin white line
Between love and hate
I could use a lil company
A lil kindness to go a long way

Weeks turn into months
Months turn into years
Reaching the same conclusions
Gathering up the fear

Come back Come back to me
I've been waiting here patiently
[Repeat 1x]

I've been walking a thin white line
Between love and hate
I could use a lil company
A lil kindness to go a long way

Weeks turn into months
Months turn into years
Reaching the same conclusions
Gathering up the fear

Come back Come back to me
I've been waiting here patiently
[Repeat 3x]

Come back Come back to me
[Repeat 1x]
