Come Back

Chicane

Come back Come back to me I've been waiting here patiently [Repeat 1x]

I've been walking a thin white line
Between love and hate
I could use a lil company
A lil kindness to go a long way

Weeks turn into months

Months turn into years

Reaching the same conclusions

Gathering up the fear

Come back Come back to me I've been waiting here patiently [Repeat 1x]

I've been walking a thin white line
Between love and hate
I could use a lil company
A lil kindness to go a long way

Weeks turn into months

Months turn into years

Reaching the same conclusions

Gathering up the fear

Come back Come back to me I've been waiting here patiently [Repeat 3x]

Come back Come back to me [Repeat 1x]
