

Don't Hold The Wall

Justin Timberlake

Dance, don't hold the wall
Dance, Annotatedon't hold the wall
Dance, don't, don't, don't hold the wall
Dance, dance, don't hold the wall
Da-da-dance, don't hold the wallC'mon on the floor with them legs
It's getting down but I'll get up
Cause I heard you tell your girlfriends that "I deserve better"
Well, I think you look better
But you're so far, I had to go get ya"Take you to the light
It's dark in the back
You started movin', you put an arch in your back
Closer to me, closer to me
Sippin' your drink and you're getting closer to me
Dance in the light, startin' to see
You started moving, you're getting closer to me
And now you won't even let me goSo baby hold on
Dance, don't hold the wall
Let it go
Dance, don't, don't, don't hold the wall
Baby hold on
Da-da-dance, don't hold the wallT: Dance, (What you do to me?)
