

# Mr. Highway's Thinking About the End

## A Day to Remember

Wake up Oh, how the times have changed  
You're not the person I knew back then  
Let's get this straight  
This is a calling where the fists are falling for revenge  
Your lack of inspiration We're not the same  
I'll do whatever it takes to get through to you  
We're coming today, we're not the same  
You are worthless, saying your peace It's like speaking in tongues for all you know  
When will we ever, when will we ever, get what we deserve?  
How long until the tables turn?  
When will we ever, when will we ever, get what we deserve? I've created a monster  
I've got a side of me that no one should see  
So quit stalling, now your back's turned, walking away  
Your life leads to destruction We're not the same  
I can just no longer sit back and let you take this from me  
We're not the same, I hate giving everything It's like speaking in tongues for all you know  
When will we ever, when will we ever, get what we deserve?  
How long until the tables turn?  
When will we ever, when will we ever, get what we deserve?  
Get what we deserve Disrespect your surroundings You won't make it out alive, you won't make it out alive  
You won't make it out alive, you won't make it out alive It's like speaking in tongues for all you know  
When will we ever, when will we ever, get what we deserve?  
How long until the tables turn?  
When will we ever, when will we ever, get what we deserve? When will we ever, get what we deserve?  
When will we ever, get what we deserve?
