

Just a face

Di-rect

I know it looks like I'm just waiting here
That all I ever do is stand and stare
But if you'd seen what I have seen
Maybe then you'd feel the same
I can't explain That's why I'm looking for another sign
Was she for real or only in my mind
All I saw was just a face
It's been haunting me for days
There's no escape from her She could be the one
Can't deny I lost her
Must be too far gone
'Cause I can't forget her face
There's no trace I never thought there would be days like these
It could be just because I'm hard to please
It's not that no one else will do
It's not their fault, they're just not you
What can I do about it You could be the one
Can't believe I lost you
Must be so far gone
Imagining I with you
You could be the one
But there's nothing I could do
I can't find you This ain't no story
This is not a movie
Playing on a street in black and white
This ain't no love song
You wouldn't hear my crying
All I've got is a face without a name You could be the one
Can't deny I've lost you
Most be so far gone
Imagining I'm with you
You could be the one
I can live without you
You could be the one
There's nothing I can do
Where are you
