

Didn't Mean to Turn You on (feat. Du-Gangz)

Koffee Brown

Baby it's me out here doin' my thing
I just got paid today
I'm shakin' it from left to right, up and down
You like the way I drop down south Or maybe it's you, are you with your crew
Scopin' out the honeys like you do
Fly ass all the time on the prow
I know how you get down So I say no, think about it
Don't get too close, think about it
'Cause this ain't where you're suppose to be
So what you're feelin' me I say no, you think about it
I don't think so, think about it
See I played the role before
Won't be a fool no more I didn't mean to turn you on
Even though you fly as hell, I know you well, didn't mean
I didn't mean to turn you on
Even though I peeped your whip I ain't gon' trip Baby it's me up in V I P
Chillin' with the platinum pinky ring
Could it be the chromed out rims the jeans and tims
Make you want to get with me Maybe it's you
The things you do got me wanting you
Could it be the big brown eyes the sexy thighs
Baby let me ride don't say no So I say no, think about it
Don't get to close, think about it
This is where you're supposed to be
I know you're feelin' me I say no, you think about it
I don't think so, think about it
I know that you've been hurt before
I can give you so much more I didn't mean to turn you on
Even though that ass looks tight I wanna ride, didn't mean
I didn't mean to turn you on
Girl I like the way you shake I wanna taste I didn't mean to turn you on
Even though you fly as hell I know you well, didn't mean
I didn't mean to turn you on
All the ladies think you're a fly and so do I, didn't mean How that sound why greet at two am
You on my two-way talkin' slick and I want in
Literally no games being played here love
Straight gangsta by nature it's in my blood You gotta show me, ain't gotta tell me nada
Tu case es the universe feel me holla
You danced the don, a third leg went to limp

You turned the a don on by the way you licked your lips feel me I didn't mean to turn you on
Even though that ass looks tight I wanna ride, didn't mean
I didn't mean to turn you on
Even though you fly as hell I know you well, didn't mean I didn't mean to turn you on
Girl I like the way you shake I wanna taste
I didn't mean to turn you on
All the ladies think you're a fly and so do I didn't mean Just bounce baby we got love to give
I already know what you workin' with
And no I'm ain't just talkin' it oh oh Just bounce baby we got love to give
I already know what you workin' with
And no I'm ain't just talkin' it oh oh Just bounce baby we got love to give
I already know what you workin' with
And no I'm ain't just talkin' it oh oh
