Take Me Away

Globus

Kneel, kneel in silence
My spirit bears me
Pray for guidance, towards home
In darkest hours

Kneel (dream with your dream we travel)
In silence (empires of faith unravel)
Alone (sealed with our virtues' treasures)
Kingdoms falling

Down (who's hand commands the thunder)
In silence (cry as we're torn asunder)
Alone (unto what gods do I call?)
Protect us in our...

Fall away, my soul wandered
Born by grace
I flew on high, sheltered from this thunder
Calling heaven...

Take me away from time and season
Far, far away we'll sing with reason
Prepare our throne of stars above me
As this world once known will leave me

Take me away upon a plateau
Far, far away from fears and shadow
Strengthen my heart in times of sorrow
Light the way to bright tomorrows

Answer our call in desperate hours
Shelter our fall from earthly powers
Temper our souls with flame and furnace
Bear us toward a noble purpose

Heave hides nothing in its measure
Mortal men blinded by false treasure
Formless and vanquished we shall travel
Shield and sword will guide our battle

Take me away from time and season
Far, far away we'll sing with reason
Prepare a throne with stars above me
As the world once known will leave me

Take me away upon a plateau
Far, far away from fears and shadow
Strengthen my heart in times of sorrow
Light the way to bright tomorrows

Heave hides nothing in its measure
Mortal men blinded by false treasure
Formless and vanquish we shall travel
Shield and sword will guide our battle

Salvation comes in desperate hours
Angels on high proclaim their powers
Lead us from chaos we shall follow
Bear us to a bright tomorrow
