

Never Sing the Blues Again

[PollyAnna](#)

Today I cried two tears
One for you and one for my obsessions
And I never felt so good
I found out its self-destruction I will never sing the blues again
Cause there will be another you
From now you is just a word without a meaning I will never sing the blues again
You will never make me sad
And if you try
I will blow you away
With a sigh of happiness
Cause I feel like dancing today I was just looking for some passion
And not for so called romance
Or a clever conversation
Come on let's give it a rest I will never sing the blues again
Cause there will be another you You tell me that you want to be much better now
But I don't really want to know
