Yo, rich

That girl right there, yeah, look at her  
Watch what she do right here You know, you know  
That girl right there, she gaming  
That girl right there, yeah Listen, I been from shorty to shorty  
From the nice girls to naughty ones  
Coming up short, straining my throat  
Trying tell them just what I want then I saw you  
And I knew you wouldn't playing no Hey, hey, I, I, I forgot all the skinny model  
Chicks Ive dropped check it, when I did it they get it  
They try to flip it for me to hit it but I only want you  
And girl I ain't even playing no, hey, I said You  
(The only one I want)  
You  
(The only one I need)  
You  
(The only one I see)  
I said you

(The only one thats real)  
You  
(The only one I feel)  
Oh, you  
(The only one I wanna chill)  
Oh, you  
(Girl, give it all to me)  
Come on That girl right there  
With the big door Nobbie earrings on  
That girl right there  
With her stomach all out, she got me gone That girl with lip tattoo  
That girl right there  
(That girl right there)  
I need you right here  
(I need you right here)  
That girl right there, there, there Yeah, right there, oh  
You see them girls right there  
No, no, no  
Yeah, right there I, I all these diamonds, all up in this watch

But I'm looking at you, wind it up, no, not you  
Can't keep it hot, the little tattoo right above your butt  
My ride's right outside looking so cold  
(Come see it, girl)I know you know but you don't wanna be alone  
(No, no, no, no, no)  
So come on let me show you(The only one I want)

Talkin' 'bout you(The only one thats real)  
You  
(The only one I feel)  
Oh, you  
(The only one I wanna chill)  
Oh, you  
(Girl, give it all to me)  
Come onThat girl right there  
With the big door Nobbie earrings on  
That girl right there  
With her stomach all out, she got me goneThat girl with lip tattoo

I need you right here  
(I, I need you right here)That girl right there, there, there  
Yeah, right there  
Yeah, right there, na, na, na  
Yeah, right thereThat girl right there  
With the little tattoo right above her  
Thigh, thigh, thigh, thigh, thigh  
Pierced belly button pretty toes  
And the light brown eyes  
Eyes, eyes, eyes, eyesLike yeast in the oven, all of the sudden  
She made me rise, rise, rise, rise, rise  
Can't get her off my mind  
Got Luda like why, why, why, whySexy lady got me gone  
Never thought that it can happen to a pimp  
But I bet she was plotting all along  
She the one that should be working with a limpOr a cane 'cause her game is extra strong  
But she better watch her back  
'Cause in fact my plan of attack in sack  
Or the back of the lac with the yack is extra longAll my ladies so, so fine  
But in my heart Ive made up my mind

'Cause everything that you  
(Wear)  
The way that you fixin' your  
(Hair)  
Gotta keep on acting keep  
(Playing)  
Keep making your boy say That girl right there  
With the big door Nobbie earrings on  
That girl right there  
With her stomach all out, she got me gone That girl with lip tattoo  
That girl right there  
(That girl right there)  
I need you right here  
(I need you right here)  
That girl right there, there, there Yeah, right there  
Yeah, right there  
No, no, no  
Yeah, right there Dip slow, let it roll  
All the way down to the floor  
That girl she janglin'  
That girl she janglin' Dip slow, let it roll  
All the way down to the floor  
Watch her, she janglin'  
That girl she janglin'
