

# Love You Down

## Ready For The World

Oh...

It never really mattered too much to me  
That you were just too damned old for me  
All that really mattered was you were my girlfriend  
And, baby, that's all that mattered to me

Let me love you down  
Even if it takes all night  
Let me love you down  
You know it's gonna be so right

Remember when I drove you home from work  
I loved the way when you kissed me bye  
All your friends think I'm just too young for you  
You tell 'em that I can do what guys their age can do, oh, baby

Let me love you down  
Even if it takes all night  
Let me love you down  
You know it's got to be so right

Let me love you down  
Even if it takes all night  
Let me love you down  
You know it's got to be so right, oh

It never really mattered too much to me  
That you were too damned old for me, mmm  
All that really mattered was you were my girlfriend  
And baby, that's all that mattered to me, oh, baby

Let me love you down  
Oh, oh  
Let me love you down  
You know it's gonna be so right

Let me love you down  
Oh  
Let me love you down

You know it's gonna be so right, mmm

I can love you down

Let me love you, love you, love you, love you

Let me love you, love you, love you, love you

Let me love you down (love you down)

I know, I know I could

Let me love you down (love you down)

I know it's gonna take all night

Let me love you down (love you down)

No, no, no, no

Let me love you down (love you down)

Oh, ho

Let me love

From dawn

Take the house and the car, mmm

I love like you are, whoa

Love you down, down, down, baby

Mmm, mmm

Love you down, down, down

Oh, whoa, whoa

I know, I know I could, yeah

Let me love you down

Whoa, whoa, mmm

It's just me and you the whole night through

Let me love you, baby

I know, I know I could

Love you down, down

Oh, ho

Let me love you

I know I could, baby, mmm

You're so sweet to me

Mmm, whoa, whoa

Let me love you down, oh, baby

It's just you and me, baby

The whole night through

Won't you let me love down

I can't take this too much longer, you know
