Quicksand

Feenixpawl & APEK

Into your quicksand
Into your quicksand
Into your quicksand

This swirling life I've been living
Got me spinning
Blowing me close to familiar eyes
Pressure's building
Feel like I'm losing control

We're coming together two halves of a broken heart (heart, heart)
Keep pulling me under, no, we can't be torn apart

Drown me, in your quicksand
Cover me, in ever inch of you
I'm slowly sinking, ay-ay
Into your quicksand
...
Into your quicksand
...
Into your quicksand
...
Into your quicksand
...
Into your quicksand

Drown me, in your quicksand
Cover me, in ever inch of you
I'm slowly sinking, ay-ay
Into your quicksand

Trapped inside, of this moment
Time is frozen
The key to unlock it...
I hold on tight
Never knowing
We've come to show it
I'll never let you go

At last, we're together

Two halves of a broken heart (heart, heart)
Keep pulling me under, no, we can't be torn apart

Drown me, in your quicksand
Cover me, in ever inch of you
I'm slowly sinking, ay-ay
Into your quicksand

Drown me, in your quicksand
Cover me, in ever inch of you
I'm slowly sinking, ay-ay
Into your quicksand

Drown me, in your quicksand
Cover me, in ever inch of you
I'm slowly sinking, ay-ay
Into your quicksand
...
Into your quicksand
...
Into your quicksand
...
Into your quicksand
...
Into your quicksand
