

# Window to My Heart

Jon Secada

Alone in the dark  
Waiting for the sunrise  
Feeling wide awake  
Pretending you're there with me  
Don't wanna close my eyes  
Because I wanna keep believing  
That we can be together  
As far as I can see  
I know you feel the same  
Give us the chance to make it Through your eyes there's a window that goes to my heart  
I can see me still loving you the rest of my life  
Look inside, look inside through the window that goes to my heart Stay with me tonight  
I promise you one thing girl  
No matter, come what may  
I'll always be here for you  
And if you believe in me  
I know that I can be  
Everything that you need  
As far as I can see  
I know you feel the same  
Give us a chance to make it Through your eyes there's a window that goes to my heart  
I can see me still loving you the rest of my life  
Look inside, look inside through the window that goes to my heart  
You're the only one who's light has ever made it through  
And I've been waiting so long for somebody like you  
Look inside, look inside through the window that goes to my heart No I don't care how long I have to wait  
If it means that you'll stay  
Through your eyes I always feel the truth  
Make no mistake  
Give us a chance to make it Through your eyes there's a window that goes to my heart  
I can see me still loving you the rest of my life  
Look inside, look inside through the window that goes to my heart You're the only one who's light has made it  
through  
And I've been waiting for so long for somebody like you  
Look inside, look inside through the window that goes to my heart  
Through your eyes there's a window that goes to my heart  
I can see me still loving you the rest of my life  
Look inside, look inside through the window that goes to my heart
