

Bones

Melanie Fiona

You make my heart hurt, you my love burn
You make the cuts down, you make my world turn
But words mean nothing, cause I've abuse them oh, oh, oh
And you're touching the surface when I need infusion

Oh, oh, oh

[Chorus:]

Straight through your skin,
Pass your soul to your bones
Closer, longer, deeper
Further inside you, than you've ever known
Desperately trying to feel ya

Ooh, Ooh, Ooh

I need your bones

Ooh, Ooh, Ooh

Gimmie, gimmie, gimmie your bones!
I wanna own you, I wanna consume you
Get all molecular and pass myself through you!
Hey, baby!

Cause nothing's enough, and I'm slowly dying
Oh, oh, oh

So please, save me now, you gotta keep trying,
Oh, you gotta keep trying

[Chorus:]

Straight through your skin,
Pass your soul to your bones
Closer, longer, deeper
Further inside you, than you've ever known
Desperately trying to feel ya

Ooh, Ooh, Ooh

I need your bones

Ooh, Ooh, Ooh

Gimmie, gimmie, gimmie your bones!
I passed your liver and your kidneys and your lungs.
Closer, deeper.

Cause I wanna get lost in, mixed-up in, in you
Yeah, yeah, yeah!

[Chorus:]

Yeah, straight through your skin,
Pass your soul to your bones

Closer, longer, deeper
Further inside you, than you've ever known
Desperately trying to feel ya
Ooh, Ooh, Ooh
I need your bones
Ooh, Ooh, Ooh
Gimmie, gimmie, gimmie your bones!
