

# Empty Streets

## Hard-Fi

The city feels clean this time of night  
Just empty streets and me walking home  
    To clear my head  
And though it came as no surprise  
I'm affected more than I had guessed  
    On what was said  
    If love's not meant to be  
If the heart's not ready to open  
    If we make it I won't see  
        It's broken  
    If love's not meant to be  
If the heart's not ready to open  
    If we make it I won't see  
        How it's broken  
        How  
It's the quiet time before the dawn  
And I'm half past making sense of it  
    Was I wrong?  
    Should I think to give it all  
In a world where not much ever seems  
    To last long  
    If love's not meant to be  
If the heart's not ready to open  
    If we make it I won't see  
        It's broken  
    If love's not meant to be  
If the heart's not ready to open  
    If we make it I won't see  
        How it's broken  
    If love's not meant to be  
If the heart's not ready to open  
    If we make it I won't see  
        It's broken  
    If love's not meant to be  
If the heart's not ready to open  
    If we make it I won't see  
        How it's broken  
        How  
        How

How
