

# Don't Give Me Those Eyes

James Blunt

Staring at you naked  
Hotel room in Vegas  
I love you but I hate it  
And we can't tell anyone Take this love and break it  
I don't think I can take it  
Go back to him and fake it  
Don't tell him what you've done But when we're caught in this feeling  
And I taste your love, and I taste your love  
Whatever the meaning  
Well it's not enough, no it's not enough  
I want to believe in  
In a thing called love, in a thing called love  
Caught in this feeling  
In this feeling, in this feeling  
Don't give me those eyes 'cause you know me and I can't say no to you  
We can't have each other even if we wanted to  
In another life, darling, I'll do anything to be with you  
We can't have each other even if we wanted to  
Don't give me those eyes, don't give me those eyes Cross your heart and square it  
Hotel room in Paris  
Kills me that you're married  
Cause we know that should be done But when we're caught in this feeling  
And I taste your love, and I taste your love  
Whatever the meaning  
Well it's not enough, no it's not enough  
I want to believe in  
In a thing called love, in a thing called love  
Caught in this feeling  
In this feeling, in this feeling  
Don't give me those eyes cause you know me and I can't say no to you  
We can't have each other even if we wanted to  
In another life, darling, I'll do anything to be with you  
We can't have each other even if we wanted to Don't give me those eyes, don't give me those eyes  
Don't give me those eyes, don't give me those eyes  
Don't give me those eyes, don't give me those eyes  
Don't give me those eyes, don't give me those eyes Don't give me those eyes cause you know me and I can't say  
no to you  
We can't have each other even if we wanted to  
(Don't give me those eyes)

In another life, darling, I'll do anything to be with you  
(Don't give me those eyes)  
We can't have each other even if we wanted to  
Don't give me those eyes, don't give me those eyes  
Don't give me those eyes, don't give me those eyes Staring at you naked  
Hotel room in Vegas  
I love you but I hate it
