

I'm Gonna Love You

Sofia Carson

[Verse 1]

Hola, nice to meet ya

Wanna get a little close to me now

Boom, pick it up, watch me ride the beat yeah

Come pick it up, I need ya, need ya

Fall down to the ground

Never seen nobody like you round you town

Never seen nobody like you round you town

Boom didi boom, didi boom, didi pow[Chorus]

I'm gonna love you like no one else has loved ya, all night

I'm gonna love you like no one else has loved ya, all night

I'm gonna love you like no one else has loved ya, all night

I'm gonna love you like no one else has loved ya, all night

Like no one else has loved ya, alright

Like no one else has loved ya, alright

Like no one else has loved ya, alright

Like no one else has loved ya, all night

Like no one else has loved ya, all night

Like no one else has loved ya, all night

[Verse 2]

Hola, nice to meet ya

Wanna get a little close to me now

Boom, pick it up, watch me ride the beat yeah

Come pick it up, I need ya, need ya

Fall down to the ground

Never seen nobody like you round you town

Never seen nobody like you round you town

Boom didi boom, didi boom, didi pow[Chorus]

I'm gonna love you like no one else has loved ya, all night

I'm gonna love you like no one else has loved ya, all night

I'm gonna love you like no one else has loved ya, all night

I'm gonna love you like no one else has loved ya, all night

Like no one else has loved ya, alright

Like no one else has loved ya, alright

Like no one else has loved ya, alright

Like no one else has loved ya, all night

Like no one else has loved ya, all night

Like no one else has loved ya, all night[Bridge]

You're only leaving if you're leaving with me

You're gonna see that tonight I'm all that you need[Chorus]

All night

Like no one else has loved ya, all night

Like no one else has loved ya[Outro]

Hola, nice to meet ya

Wanna get a little close to me now

Boom, pick it up, watch me ride the beat yeah

Come pick it up, I need ya, need ya

Fall down to the ground

Never seen nobody like you round you town

Never seen nobody like you round you town

Boom didi boom, didi boom, didi pow

Boom didi boom, didi boom, didi pow
