

Muskrat

Doc Watson

Muskrat, oh muskrat, what makes you smell so bad?
Layin' around the farmer's house eatin' up all he had
Eatin' up all he had, eatin' up all he had, boys
Eatin' up all he had Muskrat, oh muskrat, I'll track him through the sand
Muskrat, oh muskrat, gonna catch him if I can
Catch him if I can, I'll catch him if I can, boys
I'll catch him if I can I found out where he's been a-using last night Muskrat, oh muskrat, catch you sure as
you're born
Runnin' around all over the field eatin' up all my corn
Eatin' up all my corn, eatin' up all my corn, boys
Eatin' up all my corn No, no every big ear, eatin' fine Muskrat, oh muskrat, I'll trap him on the bank
I'll skin him out and stretch his hide and tack it on a plank
I'll tack it on a plank, tack it on a plank, boys
I'll tack it on a plank Muskrat, oh muskrat, trap him on the farm
Sell the hides when they get dry to keep some pretty gal warm
To keep some pretty gal warm, keep some pretty gal warm, boys
To keep some pretty gal warm Muskrat, muskrat, what makes you smell so bad?
Layin' around the farmer's house eatin' up all he had
Eatin' up all he had, eatin' up all he had, boys
Eatin' up all he had Even been in the onion patch
