Radio Days

She Craves

Hey what are you listening to baby
Over and over it's driving me crazy
Turn it up and tune in
We get so tired of thinking and begin to be the same

But I think a new day is here
Don't you know the signal's quite clear
If radio is not for you
Put it on your window and kick it through down below

Goodbye radio days
Goodbye you stereo slaves
Thank God rock n roll's saved
Goodbye to radio days

Can't they feel it going under?
They're too busy counting up the numbers
You can be, what you will be
Just don't get in the way of course or greed, you never know

And now they're gonna move in new directions
All designed to get back your attention
If you know what they'll say
Turn your radio off and walk away, and then you go

Goodbye radio days
Goodbye you stereo slaves
Thank God rock n roll's saved
Goodbye to radio days

Goodbye radio days
Goodbye you stereo slaves
Thank God rock n roll's saved
Goodbye to radio days

Goodbye radio days
Goodbye radio days
Goodbye radio days
Goodbye radio...
