Electric Mistress

Jamiroquai

Why do I feel this way?

Why do I feel this way?

When you're dancing in a trance

Your love tonight I'd take Trying to get through to you

Baby, you're red alert

I want you more and more

I want you so much it hurtsYou seem so disconnective

But when I turn you on, you're so effective

Pretty Polly's my electric mistress

When she's fakin' like a maniac, she's my aphrodisiacBaby, I can't pretend

Baby, I can't pretend

There's a maniac and it's you

You're a slave to every grooveThere's something in your eyes

You're not free to say

What am I gonna do

You keep me on a stringYou seem so disconnective

But when I turn you on, you're so effective

Pretty Polly's my electric mistress

When she's freakin' like a maniac, she's my aphrodisiacWhy do I feel this way?

Why do I feel this way?

Why do I feel this way?

Why do I feel this way?

When you're dancing in a trance

How your love tonight, I'd take
