Trouble Looking

Chris Young

Girl, I know you didn't come here just for the free beer
Came to put some jaws on the ground
And turn this place upside down
You stand out on the dance floor
Song stops and I want more
Your eyes lock into mine
Lord, help me tonight'Cause I know I'm gonna fall for you
My mind, I'm gonna lose it
Oh, all the times are flashing
I can't help it, I just gotta have that
Kind of smile that leads to something that we shouldn't be doing
I can tell by the way you're laughing
You're trouble looking for a place to happen
We start talking and you lean in
Already drowning in the deep end
I wanna kiss your lips, there's no way out of thisGirl, I know I'm gonna fall for you
My mind, I'm gonna lose it
Oh, all the times are are flashing
I can't help it, I just gotta have that
Kind of smile that leads to something that we shouldn't be doing
I can tell by the way you're laughing
You're trouble looking for a place to happenAnd it can happen with me tonight
Mess me up girl, and I won't fight it'Cause I know I'm gonna fall for you
My mind, I'm gonna lose it
Oh, all the times are are flashing
I can't help it, I just gotta have that
Kind of smile that leads to something that we shouldn't be doing
I can tell by the way you're laughing
You're trouble looking for a place to happen
Trouble looking for a place to happen, baby
You stand out on the dance floor
Already drowining in the deep end
The song stops and I want more
