

# Margaret Ann

## Goldfinger

Now once again  
They never seem to listen much at all  
Once again  
They always seem to make you feel so small  
Margaret Ann I know you sometimes worry  
I know you want everything right  
And you want to make everyone happy  
You never wanna see another fight 'Cos I know you well Margaret Ann  
Once again  
They never seem to listen much at all  
Once again  
They always seem to make you feel so small  
Margaret Ann I know it seems that they're outta get you  
I know it seems that they attack you blind  
But I'm here and you're stronger than that  
I'm here to tell you that you're doing fine 'Cos I know you well Margaret Ann  
Once again  
They never seem to listen much at all  
Once again  
They always seem to make you feel so small  
Margaret Ann 'Cos I know you well Margaret Ann  
And once again  
They never seem to listen much at all  
Once again  
They always seem to make you feel so small My Margaret Ann  
They never seem to listen much at all  
Once again  
Well everybody sometimes has to fall  
Margaret Ann
